## **BID REQUEST FOR 218 and 223 S. LAUREL ROAD, KANKAKEE, IL**

Kankakee County is accepting Bids for the demolition and removal of two residential structures, accessory structures, sidewalks, driveways, fencing, and other related items as well as site restoration on properties located at 218 and 223 S. Laurel Road, Kankakee, IL (Parcels # 12-18-05-101-020 and 12-18-05-101-021). While there are sufficient photographs and detailed descriptions, it is recommended that all interested bidders schedule a site visit to accurately bid on the project. Please contact Steve Marion, Manager of Building and Zoning, at (815)-936-5547 for scheduling, additional information, or clarification.

### **SCOPE OF WORK**

- Removal and disposal of asbestos in accordance with applicable laws including filing the IEPA notification form. The successful bidder will be responsible for the appropriate removal of any asbestos found in accordance with law based on an asbestos inspections and reports provided by the County (See Attachment "I").
- Demolition and disposal of an approximately 1600 sq. ft. 1 ½ story residential home located at 218 S. Laurel Road in accordance with applicable laws. It is believed that this is a wood framed structure with a slab on grade foundation. Any and all content of the structure must also be removed and properly discarded. (See photographs – Attachment "A")
  - The foundation and/or slab must be removed to a minimum of 1 foot below finished grade.
- Demolition and disposal of an approximately 1600 sq. ft. 1 ½ story residential home located at 223 S. Laurel Road in accordance with applicable laws. It is believed that this is a wood framed structure with a slab on grade foundation. Any and all content of the structure must also be removed and properly discarded. (See photographs – Attachment "A")
  - The foundation and/or slab must be removed to a minimum of 1 foot below finished grade.
- Demolition and disposal of two story 20'x20' car port attached to front of the home at 223 S. Laurel Road. (See Attachment "B")

- Removal and disposal of asphalt driveway, gravel parking area and concrete curbs to a minimum of 1 foot below finished grade. (See Attachment "C")
- Removal and disposal of all sidewalks, patios, and concrete slabs to a minimum of 1 foot below finished grade.
- Removal of graveled parking area to a minimum of 1 foot below finished grade.
- Demolition and/or removal and disposal of one 10'x12' shed on skids and one 8'x10' metal shed on a wood foundation. Any and all contents of these sheds must be removed as well. (See Attachment "D")
- All utilities must be located and properly disconnected and removed. All underground utilities must be removed to a minimum of two feet below finished grade.
- Septic tanks must be located, drained, and either removed or properly crushed as to not collect water and filled with sand or another clean fill.
- Wells must be located and capped in conjunction with local Health Department Requirements.
- All fencing, with the exception of the southern property line fence on 223 S. Laurel Road must be removed including posts and concrete. An antenna tower and a brick BBQ must also be removed.
- Removal and disposal of one dead tree in the rear of the property. The stump must ground and removed to a minimum of 1 foot below finished grade. (See Attachment "E").
- Concrete steps, dock, and seawall located along the river must also be removed to 1' below finished grade. Upon removal, this area needs to be stabilized. Using the broken concrete is a possibility depending upon its condition.
- Any and all junk and debris must be removed from the site and disposed of in a proper manner.
- All materials must be taken to an approved landfill per Illinois Environmental Protection Agency (IEPA) standards. The recycling or reuse of materials may be considered as an option.
- All disturbed areas must be filled with clean fill and top soil and graded to original grade with the top 1 foot being able to support vegetation.
- All final graded disturbed areas must be seeded with yard grade fescue mix.
- Erosion Control must be installed per the Erosion Control Plan (See Attachment "F"). This includes a silt fence installed as shown on map and bank stabilization for any areas disturbed along the river bank. Once the seeding has established growth, the erosion control measures must be removed.

## **PERMITS**

The project will require several permits. The Kankakee County Planning Department will provide a Floodplain Development Permit and a Demolition Permit. The Kankakee County Health Department will provide a Well and Septic Permit. It is the responsibility of the Contractor to make sure all appropriate permits have been obtained prior to the commencement of work.

## **REPORTING**

The successful bidder/contractor shall provide reports that are consistent with and satisfy the requirement of Public Act 102-0847 as follows:

*"The county must maintain documentation submitted from a contractor on the disposal of any demolition debris, clean or general, or uncontaminated soil generated during the demolition, repair, or enclosure of a building for a period of 3 years identifying the hauler, generator, place of origin of the debris or soil, the weight or volume of the debris or soil, and the location, owner, and operator of the facility where the debris or soil was transferred, disposed, recycled, or treated. The documentation required by this paragraph does not apply to a permitted pollution control facility that transfers or accepts construction or demolition debris, clean or general, or uncontaminated soil for final disposal, recycling, or treatment."*

## **PREVAILING WAGE**

All contractors, sub-contractors and their employees must be paid prevailing wage for their respective jobs and the successful bidder must provide documentation attesting to this fact. Certification of payroll through the use of Payroll Form WH-347 is required.

## **REGISTRATION**

All contractors and sub-contractors are required to be registered to work in Kankakee County. Contact Michelle Sadler at (815)-936-5555 to register or check your status.

## **SUB-CONTRACTORS**

The use of sub-contractors is permissible but all sub-contractors must be registered and listed on your submittal with an indication of which portion of the work will be performed. It is the responsibility of the successful bidder to pay all sub-contractors. Any change of sub-contractors after bid letting must be approved by the Kankakee County Planning Department.

## **SUBMITTALS**

All bidders are required to submit the following as part of their bid:

- The total bid price for the entire project.
- A list and contact information of any and all sub-contractors as well as information regarding the portions of work they will be performing.
- Qualifications of the contractor and any sub-contractors as to their ability to complete the scope of work.
- An acknowledgement that prevailing wage will be paid to all contractors, sub-contractors and their employees.
- Three references for past work by all contractors and sub-contractors.
- Proof of Liability Insurance and Workman's Compensation Insurance in an amount of \$1,000,000.
- A timeline for the completion of the project.

### **BID TIMELINE**

All bids are due by August 16, 2022 not later than 4:00 pm CST. Any bids received after this date and time will not be opened or considered. Bids will be accepted at the Kankakee County Planning Department, 189 E. Court Street, Room 201, Kankakee, IL 60901.

### **BID OPENING & ACCEPTANCE**

All bids received will be opened at the Planning, Zoning, and Agriculture Committee meeting on August 17, 2022 which will be held at 9:00 am in the Kankakee County Board Room located at 189 E. Court Street, 4<sup>th</sup> Floor, Kankakee, IL 60901. Upon review of bids, the lowest responsible bidder will be chosen. Bidders need not be present.

Submit bids in a sealed envelope with “**BID DOCUMENTS**” conspicuously labeled on the front of the envelope to:

To whom it may concern

**Re: 218 S Laurel Rd Kankakee, IL 60901**

This is to confirm that on July 26<sup>th</sup> 2022 Brett Keller (I.D.P.H. license # 100-10338) conducted an Asbestos Inspection at the property referenced above. Five (5) suspect materials were sampled and quantified. These samples were released to a NVLAP accredited laboratory to be analyzed. After review, No Asbestos Containing Materials were identified. These materials have been listed in Bulk Sample Table.

The property is described as a single-story residential property

Asbestos Project Management concludes that the property is ready for demolition.

**Sincerely**  
**Asbestos Project Management**

**Brett Keller**  
**Licensed Asbestos Inspector**  
**Illinois Department of Public Health**

## PROPOSAL

July 30<sup>th</sup> 2022

Kankakee County Planning Department  
Attn: Steve Marion

815-936-5547  
smarion@k3county.net

Re: 223 S Laurel Rd Kankakee, IL 60901

Asbestos Project Management proposes to provide all labor, materials, and equipment to perform the following:

- Removal and Disposal of Asbestos Containing 9"x 9" Floor Tile and Mastic. Located in Bedroom Approximately 120 Square Feet
- Removal and Disposal of Asbestos Containing 12"x 12" Floor Tile. Mastic Tested Negative. Located throughout Residence Approximately 200-400 Square Feet.

All work practices to adhere and comply with applicable OSHA and Illinois Department of Public Health rules and regulations. All workers to be individually Illinois Department of Public Health licensed.

Asbestos Project Management will conduct a final air test to be analyzed by a third-party laboratory

Total Cost includes legal disposal of waste and all applicable IDPH and Required Asbestos Permits.

Total Cost: Three Thousand Nine Hundred Dollars \$3,900.00

Payment is due upon completion. Credit cards are subject to 5% processing Fee

Brett Keller  
Asbestos Project Management
