The screenshot shows the BlueCross BlueShield of Illinois Provider Finder search interface. At the top, there is a search bar with the placeholder "Search for Names and Specialties" and a magnifying glass icon. Below the search bar, there are links for "Common Searches: Primary Care, Urgent Care, Behavioral Health, Hospital, Durable Medical Equipment". The main content area features a "Good Afternoon!" message and a "Browse or search to find the care you need." section. It includes links for "Browse by Category", "Cost Estimates", "Medical Care", "Urgent Care Center", and "Behavioral Health". There are also sections for "Other Types of Care" (Pharmacy, Dental, Pediatric Vision, Vision) and a "Find a Doctor" section. The top right corner of the page has a "Log In" button.

Once you receive your search results, if your results are over 100 providers, you will be required to send yourself an email with a pdf file because of size if you want a hard copy. Otherwise, you can scroll through the list of providers. To search alphabetically, click on the alphabet at the type to look for provider by last name.
